

WORK SMARTER. NOT HARDER

AP Automation

onPhase redefines the accounts payable process by automating the mundane and unlocking the strategic potential of AP teams. Eliminate inefficiencies, build supplier trust, and turn AP into a scalable and strategic growth driver.

Full Control Every Step of the Way

Manage approvals and payments with confidence using configurable workflows and user permissions for enhanced security.

See Everything, Miss Nothing.

See the status of an invoice, identify approval bottlenecks, and gain better visibility into your cash flow in one view.

A Touchless Experience

From capture to payment, our human-assisted AI technology helps alleviate 99.9% of manual tasks, letting your team reclaim their day and make it home in time for dinner.

7M

ORGANIZATIONS THAT RELY ON ONPHASE

ALL-IN-ONE ACCOUNTS PAYABLE AUTOMATION SOLUTION

SMART CAPTURE

Automatically capture and code header, line-item, and handwritten data using human-assisted AI with up to 99% accuracy.

APPROVAL RULES

Route invoices for approval based on the rules of your business with our highly configurable routing rules.

2 & 3-WAY MATCH

Eliminate overspending by automatically matching invoices to purchase orders and goods receipts when necessary.

SUPPLIER PAYMENTS

Manage payments within the same platform for full visibility, seamlessly syncing all data back to your ERP.

SUPPLIER PORTAL

Capture accurate supplier details, reduce status inquiries, and provide better better visibility into the status of payments.

TEAM COLLABORATION

Tag colleagues, add notes, and flag invoices for faster collaboration, approvals, and issue resolution.

“Processes can be easily converted and managed directly within onPhase and provide better accountability and management throughout the organization.”

Shane Owens
